## SAFETY DATA SHEET

	1. Product and Company Identification		
Product identifier	DGS-85		
Other means of identification	Not available		
Recommended use	Rinse aid		
Recommended restrictions	None known.		
Manufacturer	Unica Canada inc.FOR :Distributions Guy Saucier inc.90, J.A. Bombardier192, Chemin St-François XavierBoucherville, (Quebec)Delson, (Québec)Phone: (450) 655-8168(514) 990-8666Numéro de téléphone d'urgence 24 heures (CANUTEC): (613) 996-6666		
	2. Hazards Identification		
Physical hazards	Not classified.		
Health hazards	Not classified.		
Environmental hazards	Not classified.		
OSHA defined hazards	Not classified.		
Label elements			
	Nono		
Hazard symbol	None.		
Signal word	None.		
Hazard statement	The product does not require a hazard warning label in accordance with GHS criteria.		
Precautionary statement			
Prevention	Observe good industrial hygiene practices.		
Response	Wash hands after handling.		
Storage	Store away from incompatible materials.		
Disposal	Dispose of waste and residues in accordance with local authority requirements.		
Hazard(s) not otherwise classified (HNOC)	None known.		
Supplemental information	Not applicable.		
	3. Composition/Information on Ingredients		
Mixture			
Composition comments	Non-hazardous by WHMIS/OSHA criteria		
	4. First Aid Measures		
Inhalation	If symptoms develop move victim to fresh air. If symptoms persist, obtain medical attention.		
Skin contact	Flush with cool water. Wash with soap and water. Obtain medical attention if irritation persists.		
Eye contact	Flush with cool water. Remove contact lenses, if applicable, and continue flushing. Obtain		
	medical attention if irritation persists.		
Ingestion	Do not induce vomiting. Never give anything by mouth if victim is unconscious, or is convulsing Obtain medical attention.		
Most important symptoms/effects, acute and delayed	Direct contact with eyes may cause temporary irritation.		
Indication of immediate medical attention and special treatment needed	Treat symptomatically.		
General information	If you feel unwell, seek medical advice (show the label where possible). Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves. Show this safety data sheet to the doctor in attendance. Keep out of reach of children.		
	5. Fire Fighting Measures		
Suitable extinguishing media	Water spray. Dry chemical. Carbon dioxide.		
Unsuitable extinguishing media	None known.		

Specific hazards arising from the chemical	Firefighters should wear a self-contained breathing apparatus.		
Special protective equipment			
and precautions for	Firefighters should wear full protective clothing including self contained breathing apparatus.		
firefighters Fire-fighting	In the second of flow and the law with success on any		
equipment/instructions	In the event of fire, cool tanks with water spray.		
Specific methods	Cool containers exposed to flames with water until well after the fire is out.		
General fire hazards	•		
Hazardous combustion	No unusual fire or explosion hazards noted.		
products	May include and are not limited to: Oxides of carbon.		
Explosion data			
Sensitivity to mechanical impact	Not available.		
Sensitivity to static			
discharge	Not available.		
	6. Accidental Release Measures		
Personal precautions, protective equipment and emergency procedures Methods and materials for containment and cleaning up	Keep unnecessary personnel away. Keep people away from and upwind of spill/leak. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. For personal protection, see section 8 of the SDS.		
	Following product recovery, flush area with water. For waste disposal, see section 13 of the SDS. Prevent entry into waterways, sewers, basements or confined areas. Before attempting clean up, refer to hazard data given above. Use broom or dry vacuum to collect material for proper disposal without raising dust. Rinse area with water. Prevent large spills from entering sewers or waterways. Contact emergency services and supplier for advice.		
Environmental precautions	Do not discharge into lakes, streams, ponds or public waters.		
	7. Handling and Storage		
Precautions for safe handling	Avoid prolonged exposure. Wash thoroughly after handling. Use good industrial hygiene practices in handling this material. Avoid contact with eyes and skin.		
Conditions for safe storage, including any incompatibilities	Store in a closed container away from incompatible materials. Store away from incompatible materials (see Section 10 of the SDS). Keep out of reach of children.		
	8. Exposure Controls/Personal Protection		
Occupational exposure limits	No exposure limits noted for ingredient(s).		
Biological limit values	No biological exposure limits noted for the ingredient(s).		
Appropriate engineering controls	Good general ventilation (typically 10 air changes per hour) should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level. Use only under good ventilation conditions or with respiratory protection.		
Individual protection measures.	such as personal protective equipment		
Eye/face protection	Wear safety glasses with side shields.		
Skin protection			
Hand protection	Rubber gloves. Confirm with a reputable supplier first.		
Other	Wear appropriate chemical resistant clothing. As required by employer code. Wear positive		
Respiratory protection	pressure self-contained breathing apparatus (SCBA). Where exposure guideline levels may be exceeded, use an approved NIOSH respirator.		
Thermal hazards	Not applicable.		
General hygiene considerations	Handle in accordance with good industrial hygiene and safety practice. When using do not eat or drink. Wash hands before breaks and immediately after handling the product.		
	9. Physical and Chemical Properties		

Appearance	Liquid
Physical state	Liquid
Form	Liquid
Color	Blue
Odor	No odor
Odor threshold	Not available.
рН	6.0 - 7.0
Melting point/freezing point	Not available.

Initial boiling point and boiling range	Not available.
Pour point	Not available.
Specific gravity	Not available.
Partition coefficient (n-octanol/water)	Not available.
Flash point	Not available.
Evaporation rate	Not available.
Flammability (solid, gas)	Not applicable.
Upper/lower flammability or exp	losive limits
Flammability limit - lower (%)	Not available.
Flammability limit - upper (%)	Not available.
Explosive limit - lower (%)	Not available.
Explosive limit - upper (%)	Not available.
Vapor pressure	Not available.
Vapor density	Not available.
Relative density	Not available.
Solubility(ies)	Complete
Auto-ignition temperature	Not available.
Decomposition temperature	Not available.
Viscosity	Not available.
Other information	
Bulk density	1.02 – 1.03
	10. Stability and Reactivity
Reactivity	Nothing
Possibility of hazardous reactions	Hazardous polymerization does not occur.
Chemical stability	Stable under recommended storage conditions.
Conditions to avoid	Do not mix with other chemicals. Contact with incompatible materials. Heat, open flames, static discharge, sparks and other ignition sources.
Incompatible materials	Strong oxidizing agents. Acids. Caustics. Oxidizers. May
Hazardous decomposition products	include and are not limited to: Oxides of carbon.

Iris lesion value	Not available.
Conjunctival reddening value	Not available.
Conjunctival oedema value	Not available.
Recover days	Not available.
Respiratory or skin sensitizatio	n
Respiratory sensitization	Not available.
Skin sensitization	This product is not expected to cause skin sensitization.
Germ cell mutagenicity	Non-hazardous by WHMIS/OSHA criteria.
Mutagenicity	Non-hazardous by WHMIS/OSHA criteria.
Carcinogenicity	Non-hazardous by WHMIS/OSHA criteria.
Reproductive toxicity	Non-hazardous by WHMIS/OSHA criteria.
Teratogenicity	Non-hazardous by WHMIS/OSHA criteria.
Specific target organ toxicity - single exposure	-
Specific target organ toxicity - repeated exposure	· Not classified.
Aspiration hazard	Not available.
Chronic effects	Prolonged inhalation may be harmful.
Further information	This product has no known adverse effect on human health.
Name of Toxicologically	Not available.
Synergistic Products	
	12. Ecological Information
Ecotoxicity	No ecotoxicity data noted for the ingredient(s).
Persistence and degradability	No data is available on the degradability of this product.
Bioaccumulative potential	No data available.
Mobility in soil	No data available.
Mobility in general	Not available.
Other adverse effects	No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component.
	13. Disposal Considerations
Disposal instructions	Review federal, state/provincial, and local government requirements prior to disposal. Collect and reclaim or dispose in sealed containers at licensed waste disposal site.
Local disposal regulations	Dispose in accordance with all applicable regulations.
Hazardous waste code	The waste code should be assigned in discussion between the user, the producer and the waste disposal company.
Waste from residues / unused products	Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions).
Contaminated packaging	Empty containers should be taken to an approved waste handling site for recycling or disposal. Since emptied containers may retain product residue, follow label warnings even after container is emptied.
	14. Transport Information
General	Canada: TDG Proof of Classification: In accordance with Part 2.2.1 (SOR/2014-152) of the Transportation of Dangerous Goods Regulations, we certify that the classification of this product is correct as of the SDS date of issue. If applicable, the technical name and the classification of
U.S. Department of Transportation Not regulated as dangerous go	
Transportation of Dangerous Go Not regulated as dangerous go	
	15. Regulatory Information
Canadian federal regulations	This product has been classified in accordance with the hazard criteria of the Controlled Products Regulations and the SDS contains all the information required by the Controlled Products Regulations.
WHMIS status	Not Controlled

## Disclaimer

Disclaimer	The data contained in this material safety data sheet was obtained from sources that were technically accurate, reliable, and state of the art when this document was prepared. If data was unavailable to complete certain sections, the absence of that data is identified in this document. Because the supplier cannot know the exact circumstances during actual use of this product, other hazards, exposure scenarios, disposal considerations, and regulations may apply and it is the responsibility of the user to read and understand the product label and this document before use. Do not use the product for purposes other than those stated in Section 1.
Issue date	15 may 2017
Effective date	15 may 2017
	Version 1.0
Further information	For an updated SDS, please contact the supplier/manufacturer listed on the first page of the document.
Prepared by	Unica Canada inc. Phone: (450) 655-8168

Prepared by Other information

This Safety Data Sheet was prepared to comply with the current OSHA Hazard Communication Standard (HCS) adoption of the Globally Harmonized System of Classification and Labeling of Chemicals (GHS).
